

ARCADIAN HEALTH PLAN EXPANDS MEDICARE HEALTH PLAN OFFERINGS IN OKLAHOMA

Arcadian Health Plan has just announced the expansion of their Medicare Advantage health plans in Ottawa. With sister organizations providing Medicare Advantage health plans in 14 other states, Arcadian Health Plan and their corresponding affiliates have provided health care to Medicare beneficiaries since 2005.

Ranked the number one HMO in 16 of the 21 markets in their footprint and the third-ranked provider of Medicare Advantage plans nationally within their markets, these locally branded health plans offer value-oriented options for small to medium-sized communities that currently may not have affordable Medicare health plan options available.

Highlights of Arcadian Health Plan's plans include: \$0 monthly premium, routine annual physicals and flu shots, routine vision, preventative dental benefits, and a constantly-growing network of providers and hospitals.

The key factors to Arcadian Health Plan and their affiliates' success and continued growth are a focus on rural markets, strong, unique partnerships with provider and broker networks, and coordinated care provided at the local level, with physician "home base" providers of primary care. Arcadian Health Plan prides itself in offering strong benefit packages, while keeping their members' out-of-pocket costs low.

Arcadian Health Plan will now be available in the following new area: Ottawa county in Oklahoma.
